## SIMBA DIESEL FABRICS & EXTERIOR COLORS

### DECOR CHOICES THAT ARE ANYTHING BUT ORDINARY.

Safari coaches are designed for those who see things a bit differently than most people. So when it comes to decor choices, we go beyond the ordinary to offer striking graphics, bold colors and innovative patterns. The result is a look that stands out from the crowd while maintaining a definitive sense of style. Just like you.

## HARDWOODS OR SOFT FABRICS — THEY'RE BOTH MADE TO LAST.

One of the hallmarks of the 2007 Simba is its beautiful hardwood cabinets. With heavy-duty ball bearing drawer guides and wood cabinet drawer boxes, these cabinets are built to last. And their raised panels and satin nickel hardware ensure that they look good for years, too. Simba's fabrics feature stain protection that's manufactured in, not added on. Soil repellent is applied during the finishing process for superior coverage and better stain protection.

2007 SIMBA DIESEL

RR4R - RAISED RAIL CHASSIS

- 1** Stacked aluminum charged air cooler, aluminum radiator and external aluminum transmission cooler for optimum heat transfer and cooling.
- 2** Allison® 3000 MH 6-Speed World Transmission and electronic shifter for smooth, even shifting and added horsepower and torque. Gross combined weight rating of 33,000 pounds for a solidly built coach.
- 3** Unique 5-degree rear axle tilt for perfect alignment of engine, transmission and rear end to minimize drivetrain stress and noise.
- 4** Active suspension control system with four air bags and gas shock absorbers, with superior front-to-rear balance and sway reduction, giving superb ride and handling. Automatic traction control (ATC) eliminates wheel spin during acceleration.
- 5** Manual hydraulic leveling system (3-point leveling system, 32,000 lbs. rated) to adjust coach level for passengers' ease in entry and exit.
- 6** Heavy-duty steel undercarriage and firewall provide strength and durability.
- 7** Electronically controlled exhaust braking system, with chrome exhaust tip for engine, provides smooth braking with four-wheel anti-lock braking system (ABS) with full air brakes (drum).
- 8** Fuel tank capacity of 75 gallons and dual fuel fill for your driving and fill-up convenience.
- 9** Radial tires (255/70R/22.5) let you drive with peace of mind.
- 10** A 7,000 lb. newly designed hitch receiver with connector.

 **Roadmaster**  
Chassis

Simba's rugged CAT® C7 330 HP engine with 860 lbs./ft. of torque.

#### AIR BAG SUSPENSION

The active suspension automatically adjusts the pressure of the air bags as you drive and virtually eliminates nosediving and the side-to-side body sway associated with high wind conditions, curvy roads and emergency maneuvers.

(Butt-Welded)

Alumaframe®  
(C-Channel)

### The Strength of Alumaframe®

Thanks to our Alumaframe® Superstructure, your Safari coach is built to take on anything the road can dish out. We revolutionized the industry by replacing outdated tubular aluminum construction with our exclusive system of aluminum C-Channel crossmembers. These run the full length of the coach, with double-welded intersections for superior strength. This makes your Safari lighter and sturdier than other coaches and gives you reliability you can count on down the road.

\* Towing capacity is limited by GCWR; your vehicle's towing capacity is the difference between the GCWR and the actual vehicle weight, including all water, fuel, passengers and cargo. Your towed vehicle should be equipped with auxiliary brakes if the weight of the towed vehicle exceeds 1,000 lbs. Consult your owner's manual for further towing information.

\*\* All tank capacities are estimated based upon calculations provided by the tank manufacturers and represent approximate capacities. The actual "usable capacity" may be greater or less than the estimated capacities based upon fabrication and installation of the tanks.

\*\*\* Actual filled LP capacity is 80% of listing due to safety shut-off required on tank.

The actual overall length of the recreational vehicle may differ from that indicated in the brochure due to variances in the manufacturing process and/or installed components. The actual length may be greater or less than that indicated. Due to the large variety of options and floorplan arrangements available to our customers, actual weights for each unit can differ significantly. Safari provides a weight sticker on each unit we produce which includes that unit's tank capacities and approximate weight. Consult your local Safari dealer for unit availability and further information. The information printed in this brochure reflects product design, fabrication, and component parts at the date of printing. The manufacturer reserves the right, at any time, to make changes in product design or material or component specifications as its sole option, without notice. This includes the substitution of components of a different brand or trade name which will result in comparable performance. All information printed in this brochure is subject to change after the date of printing. Some features shown or mentioned in this brochure are optional and may only be available in selected floorplans.
